DIMENSIONS

Fuel capacity..... 15.9 gal / 60 l
 Length..... 132.6" / 336.8 cm
 Width 48.5" / 123.1 cm
 Weight (dry)..... 780 lb / 355 kg
 Storage capacity 30.8 gal / 116.6 l

HULL

Type..... GTI
 • Medium-sized platform
 • Moderate V hull
 • Forgiving and nimble

ENGINE

Type..... 1503 Rotax® 4-TEC® engine
 Intake system..... Naturally aspirated
 Displacement..... 1,494 cc
 Cooling..... Closed-Loop Cooling System (CLCS)
 Transmission..... Direct drive – Forward only
 Starter..... Electric
 Fuel type 87 octane

ENGINE

- 1,494 cc four-stroke,..... 1503 Rotax 4-TEC engine provides reliable performance in fresh or salt water, increased torque at low RPM, optimized power at all RPM levels and throttle positions.
- Rotax with four valves per cylinder
- iTC™ (Intelligent Throttle Control)..... Operating electronically, this advanced throttle system features an activity-specific Touring, Sport and ECO modes that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.
- iControl Learning Key..... The programmable Learning Key allows you to limit the performance of the PWC based on rider skill level.
- D-Sea-Bel™ system..... Combines a series of resonators and vibration-absorbing components to make Sea-Doo watercraft some of the quietest on the water.
- Closed-Loop Cooling System..... Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive salt water and debris.
- Handlebar-mounted..... Engine starts and stops with single, start/stop button user-friendly control button.

FEATURES

- iControl..... The "Brain" that integrates and controls all systems to create the best possible ride.
- Touring mode / Sport mode..... Offers a choice between two throttle responses for different riding styles. Touring mode is the default setting offering a more progressive acceleration curve for a more confident ride – ideal for cruising and 2-up riding. Sport mode can be easily activated using the Sport button. It provides all acceleration performance for a more aggressive throttle response.
- ECO mode..... This iTC function automatically determines the most economical power delivery and sets the optimal RPM for greatest fuel economy.
- 3-up seat with..... Comfortable room for three – permits rear-facing thermoformed vinyl spotter for watersports and features waterproof, UV resistant material for additional durability.
- Elevated fuel filler..... Easy access and prevents water intrusion while refueling.
- Interactive Multifunction Digital..... Reports 18 key operating functions: Information Center Fuel level, Tachometer, Speedometer, ECO mode, Touring mode, Sport mode, Hour meter and more.
- RF D.E.S.S. Key..... Now with radio frequency technology and a new ball-and-socket design, the new Digitally Encoded Security System (D.E.S.S.) key provides riders with easy and quick starts every time.
- Off-Throttle Assisted..... Provides the operator with additional steering effect Steering (O.T.A.S.™) in off-throttle situations for greater maneuverability.
- Sponsons
- Bumpers
- Footwell carpets
- Swim platform carpet
- Tow hook
- Wide-angle mirrors
- Rear grab handle
- Dual drain plugs
- Flush kit
- Emergency floating lanyard
- Seat strap
- Operator's guide, instructional video and booklet

PROPULSION SYSTEM

- Sea-Doo Direct Drive..... Delivers optimum performance with the Rotax engine. propulsion system
- Stainless steel impeller..... Delivers improved acceleration, higher top speed and less cavitation.

OPTIONS
