

iBR (INTELLIGENT BRAKE & REVERSE)

GLOVE BOX ORGANIZER (OPTION)

The GTX S 155 embodies affordable luxury and includes unmatched comfort you can only get on a watercraft with suspension. Others try to simulate the comfort, but no seat design produces the same feeling.

Weight capacity......500 lb / 227 kg

iTC | iBR | S | S3 | CLCS | ECO.

DIMENSIONS

Fuel capacity	18.6 gal / 70 l
Length	139.2" / 353.5 cm
•	48.2" / 122.4 cm
Weight (drv)	1,010 lb / 458 kg
Storage capacity	, ,

HULL

Type.......S³

- Longer platform
- Rough water inspired deep-V hull
- Stable and predictable

ENGINE

LINGINL	
Type	1503 NA Rotax® 4-TEC® engine
	Naturally aspirated
	1,494 cc
Reverse system	iBR® with electronic brake, neutral and reverse
Starter	Electric
	87 octane

GTX S 155

ENGINE

1,494 cc four-stroke, 1503 NA Rotax 4-TEC engine provides reliable Rotax with four valves per cylinder

performance in fresh or salt water, increased torque at low RPM, optimized power at all RPM levels and throttle positions.

Thottle Control) system

starts you in neutral for easier dockside starts. It also features an activity-specific Cruise control, Touring, Sport and ECO™ modes that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.

iControl® Learning Key® The programmable Learning Key allows you to limit the performance of the PWC based on rider skill level. D-Sea-Bel™ system...... Combines a series of resonators and vibrationabsorbing components to make Sea-Doo watercraft some of the quietest on the water.

Closed-Loop Cooling System.......... Uses coolant to keep the engine running at the ideal

temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris.

start/stop button

Handlebar-mountedEngine starts and stops with single, user-friendly control button.

FEATURES

iControl....... The "Brain" that integrates and controls all systems to create the best possible ride. isolating rider and passenger from the impact of rough water. 5.5" of travel with manual adjustment under the seat so rider can adjust suspension to different water conditions and total passenger weight. S³ Hull®...... Stepped, stable & strong. The stepped design reduces drag and keeps you glued to the water. Touring mode / Sport mode Offers a choice between two throttle responses for different riding styles. Touring mode is the default setting offering a more progressive acceleration curve for a more confident ride – ideal for cruising and 2-up riding. Sport mode can be easily activated using the Sport button. It provides all acceleration performance for a more aggressive throttle response. ECO mode......This iTC function automatically determines the most economical power delivery and sets the optimal RPM for greatest fuel economy. Hinged seat Easy-open seat with convenient stay-open support struts. Provides easy access to the engine compartment while remaining attached to the watercraft.

Touring seat..... Ergonomically designed for comfort and great looks providing ultra-plush seating for three.

Electric Variable Trim Provides boat trim adjustments, maximizes System (VTS[™]) System (VTS'") acceleration and high-speed stability.
Footwell carpets with.................. Offer extra comfort, non-skid surface and great looks. Sea-Doo logo pattern with rear storage

Reboarding platform...... Easy access to battery, fuses and storage.

acceleration and high-speed stability.

Fold-down reboarding step...... Makes reboarding from the water easier and quicker. Ski tow eye...... For easy and secure attachment of ski rope. Watertight, removable Provides dry storage for luggage and necessities storage bin

with easy access. and comfort.

Interactive Multifunction Reports 25 key operating functions: Digital Information Center

Fuel level, Tachometer, Speedometer, Hour meter, Compass, Clock, Fuel consumption instant & average, Touring mode, Sport mode, ECO mode, Cruise control, Slow mode. VTS. F-N-R indicator and more.

RF D.E.S.S.™ Key...... Now with radio frequency technology and a new ball-and-socket design, the new Digitally Encoded Security System (D.E.S.S.) key provides riders with easy and quick starts every time.

Off-Throttle Assisted ... Steering (O.T.A.S.™)

Provides the operator with additional steering effect in off-throttle situations for greater maneuverability.
