

2015 PERFORMANCE RXT[®] 260

Calibrated for pure performance riding, it includes the essentials of higher-priced models. You get control, precision and handling, plus great horsepower for this price level. And with the S³ Hull[®], you'll stay glued to the water.

NEW Black & Sunburst Yellow ●

RIDER CAPACITY

Weight capacity..... 600 lb / 272 kg

DIMENSIONS

Fuel capacity..... 15.9 gal / 60 l
 Length..... 139.2" / 353.5 cm
 Width 48.2" / 122.4 cm
 Weight (dry)..... 880 lb / 399 kg
 Storage capacity 13.7 gal / 52 l

HULL

Type.....S³
 • Longer platform
 • Rough water inspired deep-V hull
 • Stable and predictable

ENGINE

Type..... 1503 HO Rotax[®] 4-TEC[®] engine
 Intake system..... Supercharged with external intercooler
 Displacement..... 1,494 cc
 Cooling..... Closed-Loop Cooling System (CLCS)
 Reverse system iBR[®] with electronic brake, neutral and reverse
 Starter..... Electric
 Fuel type 87 octane – minimum
 91 octane – recommended

DRIVING CENTER INCLUDING ECO[™] MODE

DRY BAG (OPTION)

ENGINE

1,494 cc four-stroke, Rotax with four valves per cylinder	Supercharged, external intercooled 1503 HO Rotax 4-TEC engine provides reliable ultra-high performance in fresh or salt water, increased torque at low RPM, optimized power at all RPM levels and throttle positions.
iTC™ (Intelligent Throttle Control) system	Operating electronically, this advanced throttle system starts you in neutral for easier dockside starts. It also features an activity-specific Cruise control, Touring, Sport and ECO modes that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.
iControl® Learning Key®	The programmable Learning Key allows you to limit the performance of the PWC based on rider skill level.
D-Sea-Bel™ system	Combines a series of resonators and vibration-absorbing components to make Sea-Doo watercraft some of the quietest on the water.
Closed-Loop Cooling System	Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris.
Handlebar-mounted start / stop button	Engine starts and stops with single, user-friendly control button.

FEATURES

iControl	The "Brain" that integrates and controls all systems to create the best possible ride.
S ³ Hull	Stepped, stable & strong. The stepped design reduces drag and keeps you glued to the water.
Touring mode / Sport mode	Offers a choice between two throttle responses for different riding styles. Touring mode is the default setting offering a more progressive acceleration curve for a more confident ride — ideal for cruising and 2-up riding. Sport mode can be easily activated using the Sport button. It provides all acceleration performance for a more aggressive throttle response.
ECO mode	This iTC function automatically determines the most economical power delivery and sets the optimal RPM for greatest fuel economy.
Hinged seat	Easy-open seat with convenient stay-open support struts. Provides easy access to the engine compartment while remaining attached to the watercraft.
High-performance electric VTS (Variable Trim System)	Provides pre-set positions for quick settings when adjusting boat trim, maximizes acceleration and high-speed stability.
Watertight, removable storage bin	Provides dry storage for luggage and necessities with easy access.
Tilt steering	4 adjustable steering angles for maximum ease and comfort.
Footwell carpets with Sea-Doo logo pattern	Offer extra comfort, non-skid surface and great looks.
Fold-down reboarding step	Makes reboarding from the water easier and quicker.
Ski tow eye	For easy and secure attachment of ski rope.
Interactive Multifunction Digital Information Center	Reports 25 key operating functions: Fuel level, Tachometer, Speedometer, Hour meter, Compass, Clock, Fuel consumption instant & average, Touring mode, Sport mode, ECO mode, Slow mode, Cruise control, VTS preset, F-N-R indicator and more.
RF D.E.S.S.™ Key	Now with radio frequency technology and a new ball-and-socket design, the new Digitally Encoded Security System (D.E.S.S.) key provides riders with easy and quick starts every time.
Off-Throttle Assisted Steering (O.T.A.S.™)	Provides the operator with additional steering effect in off-throttle situations for greater maneuverability.

FEATURES CONTINUED

- 3-up seat
- Quick latch fuel filler design
- Sponsons
- Bumpers
- Swim platform carpet with Sea-Doo logo
- Reboarding handles on rear platform
- Rear grab handle
- Dual drain plugs
- Flush kit
- Wide-angle adjustable mirrors
- Emergency floating lanyard
- Racing seat
- Seat strap
- Operator's guide, instructional video and booklet

PROPULSION SYSTEM

- iBR (Intelligent Brake & Reverse) system
- Sea-Doo's exclusive on-water braking system, iBR lets you stop up to 100 feet sooner than competitive units! All with the squeeze of a lever. And with its electronic reverse, it gives you a level of maneuverability that makes docking easier.
- Stainless steel impeller
- Delivers improved acceleration, higher top speed and less cavitation.

OPTIONS

- 3-position retractable ski pylon
- Removable wakeboard rack
- Ski mode
- Top / average speed / RPM
- Depth finder
- Lap timer
- Time / Distance to empty
- Engine temperature
- Speed Tie™
- Removable dry bag for front storage
- Glove box organizer
- Sandbag anchor
- Safety kit
- Bilge pump
- Fire extinguisher
- Fender
- Sea-Doo Move trailer
- Storage cover

WARRANTY

BRP limited warranty covers the watercraft for one year.
