COMPANY BACKGROUND

SUZUKA® Malaysia belongs to the SUZUKA® Group, which holds manufacturing companies in Taiwan, Malaysia, and Thailand. As one of South East Asia's leading manufacturers in decorative building materials, SUZUKA® Malaysia's expertise in wall finishes dates back to its origins in the town of Suzuka, Japan, after World War II. Specializing in a wide range of stone veneers, waterproofing materials, and textured coatings, we offer durable products that are suitable for decorating and protecting both the interiors and exteriors of your homes and commercial buildings.

Strato. cashmere

Cashmere embodies the pinnacle of elegance in textured coating. Achieved through smooth layering and delicate craftsmanship, the finished product gives a refined and royal appearance with a lingering hint of sophistication.

Similar to the rest of the Strato Collection, Cashmere carries a wide array of graceful shades and complexions. This series offers coatings in pastel colours for neutral atmospheres, as well as rich colours for bolder ambiances. Furthermore, Cashmere extends a selection of shimmery coatings for a glowing and ornate look, alongside matte surfaces for a softer hint. The choice is yours.
